	SIZE	S	M	L	XL	XXL
B	Chest (cm)	96 - 100	100 - 104	104 - 108	108 - 116	116 - 124
A	Height (cm)	175 - 180	180 - 185	185 - 195	185 - 195	185 - 195
C	Waist (cm)	84 - 88	88 - 92	92 - 96	96 - 104	104 - 112

Important information:

To determine the correct size of the upper parts, follow **the chest size**. Your height is only a secondary figure. If your size is in between two sizes, choose the bigger one. It is recommended to determine the correct size according to your current body measurements.

To determine the correct size of trousers, follow **the waist size**. Your height is only a secondary figure. Bottoms are usually smaller than the upper parts, as most shorts and tights are made of highly elastic fabrics to fit closely. It is recommended to determine the correct size according to your current body measurements.

Example:

Man - height 180 cm, weight 76 kg, chest 103 cm, waist 85 cm should choose size L for upper parts and size M for bottoms. If your size does not fit our charts, do not hesitate to contact us, we would be happy to help.
